Subject: Jordon Lake Pollution

Dear Mr. Gannon,

Wanted to advise you that my wife and I applaud and fully support your proposed clean-up of Jordon Lake. We can't think of anything that should take priority over keeping our water supply healthy. After all, nothing can survive without water, and in our 21st Century society its disgraceful for water supply not to be clean and safe. We are optimistic your efforts will produce postive results. Thank you for your efforts on this critical issue.

Sincerely,

Bill & Ruth Smith
